

## Categories of Membership.

MCTA has five categories of membership.

1. Regular members: The manufacturers, users and distributors of chemistry in the Commonwealth.
2. Associate members: Entities that provide services to regular members including, but not limited to, environmental consultants, law firms, engineering firms, suppliers, and disposal & storage companies.
3. Affiliate members: Those entities having no facilities or employees in Massachusetts but which would otherwise fit the description of a Regular Member.
4. Special Member: Those entities which are a trade association or similar organization whose interests are compatible with MCTA's mission and objectives.
5. Individual Member: Individuals whose interests are compatible with MCTA's mission and objectives and who are not currently an employee of a Regular, Associate, Affiliate or Special Member company.
